How does it feel to be named the M5 All Round Cowgirl Season Winner?

I feel extremely grateful to have won the M5 All Around Cowgirl – grateful that M5 puts up so much prize money that makes it worthwhile for northerners like myself to stay down south a few extra weeks and grateful for my little bay horse that gives me opportunities like this.

What was your standout moment from the season?

The stand out of the series for me was winning the breakaway at Korumburra – I placed in all three of my events that day. I love the fast set up of the M5's – I've never been in the one second club as much as I have at them. It's great for the confidence.

What do you love most about breakaway roping?

I love the fast pace of breakaway and I have a horse that loves roping as much as I do so that makes it even sweeter.

Who has been your biggest supporter this season?

My family are always my biggest supporters. Whether that be working the chute at home, pushing calves or driving all over the country side; they are as reliable as they come. I would be lost without them and my sponsors. Ariat, Johnson's Natural Formula, Diamond Wool Pads and Animal Therapeutics make it feasible to spend so much time on the road.

What is next for you after taking out the title?

I don't know what's next for me – I'm just going to keep having fun. I love roping, Ted loves roping and I love roping against some of my best friends so that's what keeps me hooked.

Congrats Liss x
